Grounds and Greens - The large tree stump behind the practice green has been contracted to be made into a golf bag with FCC on it for \$800. It will be done this fall or early next spring. The greens are being double rolled every other day and twice mowed every other day to speed the greens up a bit.

All the trees by the men's #4 tee box has been moved to the wild flower area to continue to burn our dead ash trees that were cut down last winter and the State wouldn't allow us to move them off sight. We will burn once the proper conditions are available.

Ground crews have started edging all the sand bunkers.

Purchased a \$1500 moisture meter to better control watering of the greens.

Grub control/fertilizer has been put down which in conjunction with the rain has caused some extra thick growth in the rough.

Sports - Congratulations to our new club champion Andrew Schrader. Other participants and winners are listed on the FCC website under club events.

Buildings - The new steel roof for the clubhouse will be done this fall.

Bar and Grill - The new computer for the handicaps should be here this week.

Old business - nothing

New Business - nothing

Next meeting will be August 24th at 6 pm

Motion to adjourn by Laurizen, 2nd by Conzett and passed.

Respectfully submitted by Brian Conzett, secretary.
