Grounds and Greens - Received new utility cart, pulls the blower really well. Having the fairway reels getting sharpen, they weren't done this past winter. Getting some dollar spots on the greens from all the rain and humidity. We're spraying the greens for this. We are planning on verticut the greens with Dewitt Springbrook equipment. Maint. Crew will have the right of way while doing this. More sand has been ordered for the traps and trimming out the bunkers for a defined lip. Stakes have been put around the greens to avoid wear around them. Will need for further work on bunkers in the future. New John Deere equipment is at least a year out, so will need to consider it. We have had a couple of members moving the tee off markers to their pleasure. This is done by the maintenance crew only. Further violations will be punished by loss of golfing privileges. The tree stump behind the practice green has been favorably received and we might do more in the future.

Sports - 4th of July tournament had 40 participants and the club championship had 25. The ladies tournament was also a success with 50 participants. Thanks to all who organized these events.
